

No. C11018/71/2023-C1/1 (E-5437)
STAFF SELECTION COMMISSION

IMPORTANT NOTICE

The Commission has received many representations/CPGRAMs/RTI Applications from the candidates of CGLE 2023 alleging non-selection in the Final Result despite scoring higher marks (based on tentative answer keys).

2. The Commission has examined the matter and it has been observed that representations received from the candidates are based on Tentative Answer Keys which were made available on the website of the Commission from 30.10.2023 to 01.11.2023. As in all other exams, Challenge System was made live for the CGLE 2023 based on Tentative Answer Keys. The Objections of Tier-II Examination, received from the candidates, were carefully examined and the Answer Keys were modified, wherever necessary. Accordingly, Final Answer Keys were used for evaluation of scores and Final result (Revised) was declared on 06.12.2023. In this process of review, some Answer Keys get changed and also for few questions benefit is given to all candidates. Therefore, the score assessed on the basis of Tentative Answer Keys may not be the actual final score of a candidate.

3. None of such grievances have been found to be genuine and all such representations on this issue are treated as closed.

4. Final Answer Keys as well as marks of the candidates in CGLE 2023 (Tier-II) will be made available on the website of the Commission shortly.

Under Secretary to the Government of India
